

Hyperbolic Crochet

Math as Art

Come by the Pecan Campus Library to find out more about hyperbolic planes. Dr. Sean Lawton will be sharing information about UTPA's Experimental Algebra and Geometry Lab.

Find out how Hyperbolic Geometry relates to:

1. Coral Reefs and Giant Deep Sea Amoebas
2. Fashion and Sculpture
3. The Shape of the Universe

Date: Thurs, Dec. 1st

Time: 12:00 PM

Pecan Campus Library - F-102
South Texas College

For more information contact Esther Garcia at
egarcia10@southtexascollege.edu or 872-6485

”We are trying to share some of the wonder that mathematicians experience every day.

- Dr. Sean Lawton
